OBJECTIVE

I am a highly motivated and enthusiastic computer science student with a strong foundation in programming, problem-solving, and a deep passion for technology. I possess hands-on skills in operating systems, hardware, databases, networking, ERP systems, web technologies, and mobile applications, and I also excel in photography, videography, and graphic design. I am actively seeking an internship or entry-level position where I can apply my diverse skill set to make meaningful contributions to a dynamic team. I am excited to learn from experienced professionals, work on innovative projects, and continue my growth as both a software developer and a creative problem solver in the field of computer science, committed to leveraging my skills to drive success and bring fresh perspectives to the world of technology."

EDUCATION

Bachelor of Computer Science
University of Zambia

2021 - 2023

- Major: Software Engineering
- Minor: Hardware
- Related Courses: Computer systems, Operating systems, networking and data communication, computer programming, Computer architecture.

Skills & Abilities

Foundation in Programming:

- I have skills in programming language such as Java. I can read, write, and understand code.

Expertise in Operating Systems:

- Skills and proficiency in various operating systems, such as Windows and Linux . It includes understanding their architecture, command-line operations, and system administration tasks.

Knowledge of Hardware:

- Hardware knowledge an understanding of computer components, including CPUs, GPUs, memory, storage devices, and their interactions.

Proficiency in Databases:

- Ability to design, create, manage, and query databases effectively. I am familiar with database management systems such as MySQL.

Photography Skills:

- Ability to capture high-quality photos, understanding of composition, lighting, and camera settings, and proficiency in photo editing software.

Videography Skills:

- I have skills in shooting and editing video content, including knowledge of camera operation, video editing software, and storytelling techniques.

Graphic Design Skills:

- I have skills in creating visually appealing graphics, illustrations, and layouts using tools like Adobe Photoshop, Illustrator, or other design software.

LANGUAGE

- English
- Bemba
